SLA Results

SLA was defined on the following measurements:

Errors Per Second

The SLA status of the errors per second measurement is displayed over time.

Measurement	Time Ranges																	
AUT Errors	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
	00:00:00	00:00:45	00:01:35	00:02:20	00:03:10	00:04:00	00:04:45	00:05:35	00:06:20	00:07:10	00:08:00	00:08:45	00:09:35	00:10:20	00:11:10	00:12:00	00:12:45	00:13:35

Errors Per Second - Goal Definitions

Below are the maximum errors per second threshold values that were defined for the following measurement per each load criteria:

Measurement name	None
	Entire range
Errors per second	10

Transaction Response Time (Average)

The SLA status of transaction response time displayed over time per each transaction.

Transaction Name	Time Ranges																	
00_Homepage_Req																		
01_SignOn_Req																		
02_SignIn_Req																		
03_Flights_Red																		
04_Reservation_Req

Transaction Response Time - Goal Definitions

Below are the maximum average transaction response time threshold values that were defined for the following transactions per each load criteria:

Transaction name	None
	Entire range
00_Homepage_Req	3
01_SignOn_Req	7
02_SignIn_Req	10
03_Flights_Red	3
04_Reservation_Req	10
